

Median Grade Report - Spring 99

The following Median Grade Report is comprised of two listings:

- 1) Courses that are NOT cross-listed or have multiple sub-topics
- 2) Courses that ARE cross-listed or have multiple sub-topics

We have tried to display an accurate representation of cross-listed and multiple subtopic courses. Graduate courses that are cross-listed with undergraduate courses will display the class size but not the grade information.

Column definitions:

COURSE - Department name abbreviation and course number

COURSE TITLE - The title of the course as it appears in SIS (Student Information System)

#/COURSE - Number of students enrolled in the course (see GRADE explanation).

GRADE - This is the median grade calculated for the course. The grade calculation is based on letter grades only. S/U, INC, V, NGR, and R grades are excluded.

CROSS-LISTED - The "parent" courses are listed in red. The child is listed in black.

***You may use the FIND function (under the Tools menu bar) within Acrobat to find a specific course
